

ADAM Educator Interim Scoring Guide – Scoring Interim Assessment Blocks (IABs) Open-Response Items in ADAM

This quick reference guide explains how Educators will score open-response items for Interim Assessment Blocks (IABs) in ADAM.

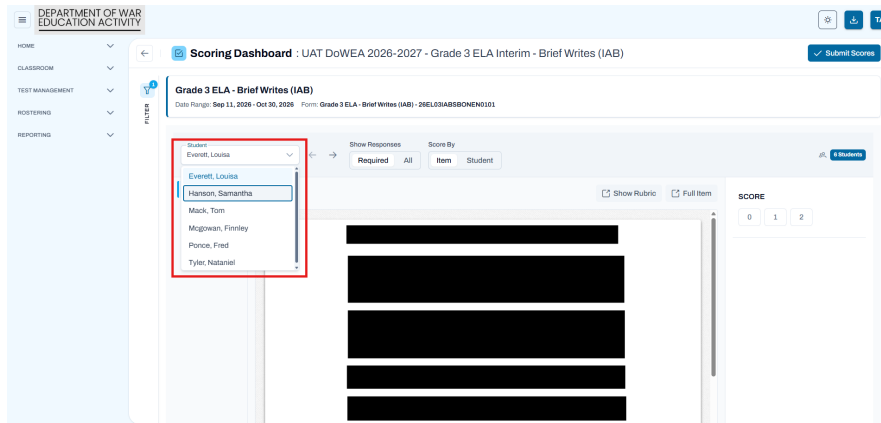

1. Sign in to LaunchPad to access ADAM.
2. In ADAM, navigate to the left menu and select **Reporting > Progress**.
3. Select the **Interim Assessment Block (IAB)** row to be scored. In the **Progress** column of that row, the number in square brackets next to **SUBMITTED** indicates how many tests within that IAB are awaiting scoring (e.g., [6] = 6 tests awaiting scoring).

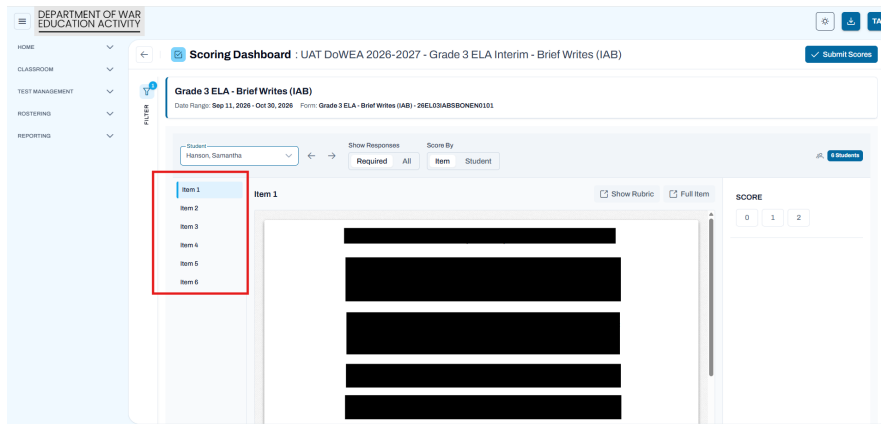

4. In the **Scope** column, locate the organization row with pending scores, select the three-dot menu (...), and select **Apply Scores**.

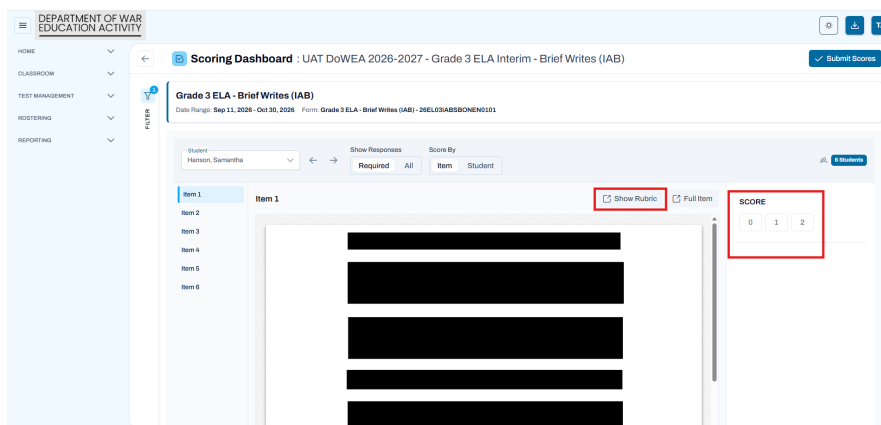

5. Select a student from the **Student** drop-down menu.

6. After a student is selected, the item list will appear beneath the **Student** drop-down menu and display items with pending scores.

7. Select the **Show Rubric** button and review the scoring criteria for the selected item. Compare the rubric to the student's response and assign the score that best matches the overall quality and characteristics described in the rubric.

8. After assigning a score, select the **Submit Scores** button to save the score for the selected item. Repeat this process for each item with a pending score for the student. Then move on to the next student.

The screenshot displays the 'Scoring Dashboard' for 'UAT DoWEA 2026-2027 - Grade 6 ELA Interim - Brief Writes (IAB)'. The dashboard includes a sidebar with navigation options: HOME, CLASSROOM, TEST MANAGEMENT, ROSTERING, and REPORTING. The main content area shows a list of items on the left, with 'Item 6' selected. The central area displays the details for 'Item 6', which is a 'Brief Write' item. On the right, there is a 'SCORE' input field with a dropdown menu showing '0', '1', and '2'. A red box highlights the 'Submit Scores' button in the top right corner. Another red box highlights the 'Item 6' selection in the left sidebar. A third red box highlights the 'SCORE' input field on the right.
