

SHIPPING CARRIER RETURN INSTRUCTIONS

Important Note: After test administration, your school will ship back some secure scorable and/or secure, non-scorable materials back to Pearson. For this, you will use the UPS shipping labels received with your test material shipment. Please check your package to ensure you have sufficient UPS shipping labels to ship the secure (scorable and/or non-scorable) materials back to Pearson. If you do not have sufficient UPS labels to ship, either the scorable or non-scorable materials, please use any of the ones you have. If you use an incorrect label out of necessity, please write "Scorable" or "Non-Scorable" on the box, and Pearson will ensure they sort the materials when received, and send them to the correct location.

Pearson will be utilizing UPS to ship CCRS Summative Assessment test materials to DoDEA schools. This document provides the process for returning all CCRS Summative Assessment scorable and nonscorable paper-based test materials to Pearson. Follow the instructions in the Test Coordinator Manual on shipping paper-based materials to Pearson. **A pickup of paper-based test materials must be scheduled and completed no later than 5 business days after testing is complete.**

Note:

- **Only one school may be packed into a box to ensure all materials are accounted for correctly. Multiple grades and subjects for that school are allowed in the same box.**
- Generic return labels include blank fields where pertinent state, district, and school information must be recorded prior to return to Pearson.
