

## Voiding/Reassigning a Test

With DoDEA approval, the Administrator and Test Coordinator can mark a test attempt as void. On the Session Detail screen, select the student and the select void under the Update Status. A test can only be updated to Void status if in the student status says Exited or Submitted.

If necessary, a student with a voided test can be assigned a new test.

Once the original test attempt has been voided, the student will be available to add to a new session for a new test assignment.
